AR-7HT
Hot Holding Rotisserie Companion

ALTO-SHAAM

Hold rotisserie chickens and more at precise temperatures for hours with this companion holding cabinet. Featuring fanless Halo Heat®, the companion holding cabinet keeps your rotisserie oven cooking while keeping birds hot and fresh for hours.

Gentle, radiant Halo Heat holds food for hours without fans

Increase flexibility by stacking with another companion holding cabinet or with an Alto-Shaam rotisserie oven

Easy to operate with adjustable, electronic temperature controls

Visually appealing with attractive, front-of-house design

Made in the USA with a commitment to quality

ISO 9001:2015-certified

AR-7HT shown with pass-through, casters, and curved-glass door

CHECK FIRST
- The holding companion must be installed level.
- The holding companion must not be installed in any area where it may be affected by steam, grease, dripping water, high temperatures, or any other severely adverse conditions.
- In order to maintain NSF standards, the unit must be sealed at bottom by NSF approved sealant, or equipped with legs/casters.
